THE FABRAL® DIFFERENCE

SIGNATURE COIL & SHEET PRODUCTS

Fabral® is your premier destination for top-quality coated and bare metal coils and sheets tailored for the residential and architectural metal roofing segment. Crafted from premium materials, including full-prime Galvalume®, acrylic-coated Galvalume®, and domestically sourced aluminum, our metal products epitomize durability and performance.

WIDE PORTFOLIO OF COLORS & GAUGES

Discover a vast selection of Sherwin Williams® paint colors in Kynar® PVDF or WeatherXL™ SMP coatings. Crafted specifically for metal roofing and wall panels, these exterior coatings from Sherwin-Williams® provide field-proven, high-performance solutions.

UNPARALLELED CUSTOMER SERVICE

At Fabral®, your needs are critical to us. We are dedicated to enhancing your experience with responsive customer service and exceptional products. Our strategically positioned manufacturing facilities are equipped with state-of-the-art capabilities for full-slitting and cut-to-length services, ensuring quick turnaround times. We take pride in shipping most orders within three days, helping your projects stay on track and on time nationwide.

WARRANTIES

WEATHERXL™ SMP

- Lifetime Film Integrity
- 30-Year Warranty Against Fade & Chalk
- 20-Year Non-Perforation Warranty

KYNAR® PVDF

- 30-Year Paint Finish Warranty
- Wide Selection of Weathertightness Warranties
- 20-Year Corrosion for Galvalume® and Aluminum Substrates

Fabral® standard architectural colors and finishes feature 70% polyvinylidene fluoride (PVDF) resin paint systems to ensure long-term color retention and performance. Custom colors and finishes are also available. Minimum quantities and setup charges may apply.

BARE GALVALUME®

- Lifetime Film Integrity
- 30-Year Warranty Against Fade & Chalk
- 20-Year Non-Perforation Warranty

HOW TO ORDER SLIT PRODUCTS

1 SELECT YOUR MATERIAL TYPE, THICKNESS, AND COLOR

Choose the right product for your needs. Decide between steel or aluminum, then specify the gauge and color. Planning your order in advance ensures a smooth and efficient process.

2 DETERMINE YOUR COIL DIMENSIONS AND THE QUANTITY REQUIRED

Select from our standard coil widths or request a custom width (additional fees apply). Determine your measurements in square or linear footage. Paired coils require the same linear footage.

3 UNDERSTAND YOUR ROLLFORMING MACHINE'S CAPABILITIES

Knowing your rollforming equipment's limitations is crucial. If you're using an overhead reel rack, provide the maximum coil weight to ensure we supply products that match your system's requirements.

4 CALCULATE THE CORRECT NUMBER OF SHEETS FOR YOUR ORDER

Fabral® provides standard flat sheets in 4x10 feet sizes, with custom lengths available up to 12 feet. Use a trim calculator to determine the number of sheets required for your project.

5 MATCH ACCESSORIES TO YOUR PROFILE'S SPECIFICATIONS

Before selecting your accessories, ensure they align with the engineering of your chosen profile. Accessories must meet the specific requirements of your profile for optimal performance.

6 FAMILIARIZE YOURSELF WITH LEAD TIMES FOR YOUR ORDER

Lead times can vary based on stock availability and other factors. Stay in close contact with Fabral® to get accurate delivery estimates and schedule delivery if necessary.

7 PROVIDE YOUR COMPLETE ORDER AND COMPANY INFORMATION

To streamline the processing of your order, provide your full details, such as your shipping address, delivery instructions, and contact information, to ensure smooth communication and order fulfillment.
